Excerpt from For California, Vol. 3: A Monthly Publication for Those Who Desire the Best There Is in Life, Oil Number; December, 1905 While gold is still the leading product in point of value in the mineral industry of the State, petroleum is now the second; but gold has been mined here since 1848, and it is only within the past few years that the petroleum interests of the State have been recognized as important. It was not until 1895 that there was over a million barrels of oil produced in any one year. In 1894 - the last year of which we have complete data the output was barrels, valued at as compared with barrels in 1903 valued at This shows an increased output in one year of barrels, with an increase in value of about a million dollars.
