USA ECONOMIC SURVIVAL MANUAL (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Writer, Freddie L Sirmans View on how to save the USA economy. I understand, but less than five percent of the general population understands that all profit originates with some type of trade or business transaction from the private sector. And the sad fact is the heavy hand of government taxes and self-initiative killing regulations is drying up that profit generating well. And guess what? Government will dry up, too. The only way this great nation is going to be saved is through private enterprise. Government must be voted back to its designated role in our free republic as the guardian and protector and doing only what the people can t do for themselves.
