Delroy is a man on a mission. Make that, a twelve-year-old boy on a mission. His probing eyes look around and see so much vice and so much malady, in the lives of humans and animals alike. He takes it upon himself to rescue the innocents and restore order. But he's up against some formidable odds! Delroy gives us a sneak-peek into his private world, his secrets, his plans and his clandestine scientific experiments. Inspired by the great liberators that he reads about at the library, Delroy takes on the sacred duty to set the captives free. But as it has been with most visionaries, every one around him thinks he's nuts! Do you?.
