

Essays on England, Ireland, and the Empire (Paperback)

Filesize: 2.79 MB

Reviews

The very best publication i at any time study. It really is basic but shocks inside the fifty percent of the ebook. It is extremely difficult to leave it before concluding, once you begin to read the book.

(Marlin Swift)

University of Toronto Press, United States, 1982. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.John Stuart Mill's political essays are a blend of the practical and the theoretical. In this volume are gathered together those in which the practical emphasis is more marked; those in which theory is predominant are found in *Essays on Politics and Society*, Vols XVIII and XIX of the *Collected Works*. The *Essays on England, Ireland, and the Empire* are mainly from Mill's early career as a propagandist for the *Philosophic Radicals* (a term he himself coined). They provide a contemporary running account of British political issues at home and abroad, with a vigorous and sometimes acerbic commentary. Historians as well as political scientists will find interesting details of the view from the radical side, and all students of Mill will welcome the further elucidation of his development. Of special interest are his precocious if tendentious attack on Hume's *History of England*, and his reactions to Canadian and Irish issues, the latter being the subject of a previously unpublished manuscript. The textual apparatus includes a collation of the manuscript materials and identification of Mill's quotations and references.
