Bibliogov, United States, 2013. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.Nuclear energy policy issues facing Congress include questions about radioactive waste management, research and development priorities, power plant safety and regulation, terrorism, the Price-Anderson Act nuclear liability system, nuclear weapons proliferation, and plutonium disposition. Federal funding for nuclear energy research and development was substantially reduced by the Clinton Administration, and some advanced reactor programs were eliminated. The Bush Administration has stressed the importance of nuclear power in the nation s energy policy, although it has requested relatively little additional RD funding. The Bush Administration s FY2003 budget request included $38.5 million for a Department of Energy (DOE) effort to encourage deployment of new commercial nuclear power plants by 2010. Because final action on those funding proposals was not taken in the 107th Congress, DOE nuclear programs are now operating under a continuing resolution. Several bills were introduced, but not passed, in the 107th Congress to encourage the growth of nuclear power. A number of nuclear provisions were included in comprehensive energy legislation (H.R. 4) passed by the House August 2, 2001, and by the Senate April 25, 2002....
