Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Hope Mountain Wild Bird Rescue is first of a series. A work of fiction showing off Montana Wildlife. Written in lyrical form that can actually be sung to. I used Rock-a-bye baby. A terrible thunderstorm came with destructive power. A young great horned owl and baby black crow are lost, blown far away from their nests by the wind. A kind ranger rides in to see the damage. The young birds are found starving and lost. He scoops them up and takes them back to his 1950 s fire lookout cabin. That is where it all begins! Wait! Here comes a young turkey, focused on a grasshopper she becomes completely lost! She finds herself on the doorstep of the lookout with two loud and active young birds. I wrote this story because my mom and dad rescued people. Our Home was a revolving door of hospitality, fun and spaghetti! My father was a career Fish and Wildlife employee.
