

Etruscan Myths (Paperback)

Filesize: 5.72 MB

Reviews

It in a single of the best pdf. it had been writtern quite properly and beneficial. Once you begin to read the book, it is extremely difficult to leave it before concluding.

(Mr. Maximo Johns)

ETRUSCAN MYTHS (PAPERBACK)

University of Texas Press, United States, 2006. Paperback. Condition: New. Univ of Texas P. Language: English . Brand New Book. The Etruscans were a people of sophisticated culture and technology who lived in the area between Florence and Rome. Their civilization flourished for nearly a thousand years before being subsumed by the Roman Empire, but they left a substantial legacy to western civilization. In antiquity they were known as a wealthy, luxury-loving people, fond of banqueting and music and deeply religious. They were highly literate, but their literature has not survived, so we turn to Etruscan art to tell us about their mythology and beliefs. Their plentiful, spontaneous art also tells us a great deal about their lives and about the importance of women in their aristocratic society. Most informative of their own distinctive and colorful beliefs are their interpretations of scenes from Greek mythology, reflecting the importance of goddesses and demons in their religion, as well as scenes of the human sacrifice they practiced. This book serves as an excellent introduction to the world of the Etruscans and their mythology and is plentifully illustrated from the vast collection of the British Museum and other international museums.
