

Prairie Sky: A Pilot s Reflections on Flying and the Grace of Altitude (Paperback)

Filesize: 2.52 MB

Reviews

*Merely no words and phrases to spell out. It is actually written in basic words and phrases instead of difficult to understand. Your way of life span will probably be enhanced as soon as you complete reading this article ebook.
(Lauren Quitzon)*

PRAIRIE SKY: A PILOT S REFLECTIONS ON FLYING AND THE GRACE OF ALTITUDE (PAPERBACK)

University of Missouri Press, United States, 2013. Paperback. Condition: New. New. Language: English . Brand New Book. It s almost like ballet. Preflight. Starting. Warmup. The voices from the control tower-the instructions. Taxiing. The rush down the runway. Airborne. There are names for every move. The run-up. Position and hold. Every move needs to be learned, practiced, made so familiar you feel the patterns in every other thing you do. It s technical, yes. But there is a grace to getting metal and bone into the sky. *Prairie Sky* is a celebration of curiosity and a book for explorers. In this collection of contemplative essays, Scott Olsen invites readers to view the world from a pilot s seat, demonstrating how, with just a little bit of altitude, the world changes, new relationships become visible, and new questions seem to rise up from the ground. Whether searching for the still-evident shores of ancient lakes, the dustbowl-era shelterbelt supposed to run the length of the country, or the even more elusive understandings of physics and theology, Olsen shares the unique perspective and insight allowed to pilots. *Prairie Sky* explores the reality as well as the metaphor of flight: notions of ceaseless time and boundless space, personal interior and exterior vision, social history, meteorology, and geology. Olsen takes readers along as he chases a new way of looking at the physical world and wonders aloud about how the whole planet moves in interconnected ways not visible from the ground. While the northern prairie may call to mind images of golden harvests and summer twilight such images do not define the region. The land bears marks left by gut-shaking thunderstorms, hard-frozen rivers, sweeping floods, and hurricane-size storms. Olsen takes to the mid-western sky to confront the ordinary world and reveals the magic-the wondrous and...
