Createspace, United States, 2013. Paperback. Condition: New. Language: English . This task has been admirably performed. The writer has shown, with all the amplitude which such an important subject demands, the motives which occasioned the testimony, the situation in which it was given, the number of those who gave it, the proceedings taken against them, the tortures and sufferings which they endured, the impression made by their testimony on the minds of their contemporaries, the honours bestowed on their relics, and the inferences which we are entitled to draw from all this. All these questions are dealt with and suitably answered. Martyrdom having followed the expansion of Christianity, it was only right that the author should begin with a brief consideration of the spread...
