G., Chancellor of Queen s University and Principal Gordon, D.D., LL. D: At the Annual Meeting of Queen s University Council, Held April 24th, 1906 At the last Convocation of the University on the 12th In stant, [deemed it fitting to refer to the Report of the Royal Commission appointed to enquire into matters relating to the University of Toronto. I pointed out that the Commission consisted of seven residents of Toronto. Most of whom are gradu ates or closely identified with the University itself; that they had reached unanimous conclusions and had prepared a bill embodying in detail the provisions of a scheme which they strongly recommended the Government to carry out. The Report issued by the Royal Commission, dated the fourth of the present month, deals only with matters appertain ing to the University of Toronto, the Colleges affiliated there with and School of Practical Science, all within the City of Toronto. I expressed to Convocation the hope that the en quiry would be extended to all similar institutions of learning outside of Toronto and within the limits of the Province. I pointed out that while we rejoiced in the progress of higher education in Toronto, our interest in intellectual culture is not limited to that City, that as citizens of Canada we shared an interest with all other educational centres and especially with the University which has accomplished successful work at Kingston.
