This edition also contains new Word Link features, helping you find words that are closely associated with each other. For example, the Word Link at environment tells you that the study of the natural world is called ecology, and the Word Link at cave informs you that the exploration of caves is known as speleology or potholing. The new centre section of the dictionary and thesaurus contains encyclopedic information such as lists of countries, capitals, and kings and queens, helping you to broaden your knowledge, and to find solutions for quizzes and puzzles. The Pocket Oxford Dictionary and Thesaurus is an invaluable tool for anyone who wants a portable quick reference tool useful both for general ready reference and for quizzes and crossword puzzles....
