A Soliton and Its Owned Bions (Awareness and Mind): These Intelligent Particles Are How We Survive Death (Paperback)

By Kurt Johmann Phd

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Physical computers are a recent invention of mankind, and they are so useful and can do so much that they have spread thru humanity like wildfire. The position taken in this book is that the reality we experience is itself a result of computations by an underlying network of computing elements that fill 3D space. Physical matter and our physical world and how it all interacts with itself is a result of computations, but the computing elements themselves are not physical, and neither one s awareness nor one s mind is physical, despite one currently occupying a physical body. Beginning at age 19 and continuing up to age 25, the author had hundreds of out-of-body experiences, and that was his primary motivation for writing this book. His background with computers, which includes a PhD in computer science and having done a lot of programming work, allowed him to infer and describe a computed reality that includes the physical but goes far beyond, including, based on his out-of-body experiences, a detailed description of the two stages of the afterlife: the bion-body stage and...
