Reviews

A fresh e-book with a brand new point of view. It really is packed with knowledge and wisdom. It's been designed in an exceedingly simple way and is particularly simply following. I finished reading this publication through which actually modified me, altered the way I really believe.

(Bernhard Russel)

FAMILY LAW IN AMERICA (HARDBACK)

Oxford University Press Inc, United States, 2014. Hardback. Book Condition: New. 2nd Revised edition. 236 x 155 mm. Language: English . Brand New Book. For many years family law was viewed as a study of the regulation of clearly defined relationships of husband and wife and parent and child. In the case of husband and wife, it was through formal legal procedures or informal arrangements called marriage. In the case of parent and child it was either through biology or adoption. Equally defined were the stages by which these relationships were established, maintained, and terminated. However, by the close of the twentieth century, basic questions about who should be officially designated a family member and by what procedure were being raised both in the legislature and in litigation. In addition, conventional models that had defined domestic relations such as marriage, divorce, and adoption were either being expanded to include contemporary patterns of living arrangements and the current reality, or new models were being constructed. In *Family Law in America*, Professor Sanford N. Katz examines the present state of family law in America. Themes include the tension between individual autonomy and governmental regulation in all aspects of family law, the extent to which relationships established before marriage are being regulated, and how marriage is being redefined to take into account equality of the sexes, and the legal recognition of same-sex marriage in some jurisdictions. It demonstrates how the definition of marriage as a partnership in which the individual spouse's rights are recognized has resulted in protection of the vulnerable spouse. It also examines fault and no-fault divorce procedures and the extent to which these procedures reflect social realities. This volume describes state intervention into the parent and child relationship and how this is reflected in the reexamination of the privacy...
