

Africa s Power Infrastructure: Investment, Integration, Efficiency (Paperback)

By Anton Eberhard, Orvika Rosnes, Maria Shkaratan

World Bank Publications, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Africa s chronic power problems have escalated in recent years into a crisis affecting 30 countries, taking a heavy toll on economic growth and productivity. The region has inadequate generation capacity, limited electrification, low power consumption, unreliable services, and high costs. It also faces a power sector financing gap on the order of \$21 billion a year. It spends only about a quarter of what it needs to spend on power, much of this on operating expenditure required to run the continent s high-cost power systems, leaving little for the huge investments needed to provide a long-term solution. Further development of regional power trade would allow Africa to harness larger scale more cost-effective energy sources, reducing energy system costs by \$2 billion a year and saving 70 million tons of carbon emissions annually. Economic returns to investments in cross-border transmission are particularly high. But reaping the promise of regional trade depends on a handful of major exporting countries raising the large volumes of finance needed to develop generation capacity for export. It would also require political will in a large number...
