

Dressings and Finishings for Textile Fabrics and Their Application: Description of All the Materials Used in Dressing Textiles Their Special Properties, the Preparation of Dressings and Their Employment in Finishing Linen, Cotton, Woollen,

By Friedrich Polleyn

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English Brand New Book ***** Print on Demand *****.Excerpt from Dressings and Finishings for Textile Fabrics and Their Application: Description of All the Materials Used in Dressing Textiles Their Special Properties, the Preparation of Dressings and Their Employment in Finishing Linen, Cotton, Woollen, and Silk Fabrics, Fireproof and Waterproof Dressings, Together With the Principal M Through well aware of the difficulties attending the production of a work relating to a branch of industry which has already reached a high stage of development, the author entered on his task with pleasure, being convinced of the existing necessity for such a work in connection with the preparation and application of dressings, or at any rate of a work in the form of the present one, which deals chiefly with the chemico-physical side of the matter. From the outset there could not be any question of producing a work similar to that of Dr. Grothe, which treats principally of the mechanical side, and is unsurpassed in that respect; nor did the author intend to imitate in any way the equally excellent work of Romen, his programme being restricted to...

Reviews

I just started out reading this pdf. It is full of wisdom and knowledge You are going to like just how the blogger publish this publication.
-- Lily Gorczany

It is really an awesome ebook that I have ever read. It typically fails to expense a lot of. I am very easily can get a enjoyment of studying a written ebook.
