Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. -While older generations have had the unenviable, and almost forgotten, battle with acquiring information. This generation has at its disposal an abundance of information which comes with a totally different challenge. The challenge is in sifting through the clutter to get to the most relevant and most reliable information for a specific purpose. It simplifies industry jargon and at the same time gives you a deeper understanding of the different concepts. Every single person, regardless of class, should read this book. That s why this book is so useful. Firyal Hussain helps busy people take the crucial first steps toward realizing their long-term financial goals. Engaging and insightful, she explains the fundamentals of stock investing in a delightfully accessible style that allows her readers to get up to speed and get back to...
