Do you remember it by major life events? Do you reflect back upon previous birthdays? Maybe you look back on the jobs you had or the people you lived with? Stefan J.D. chronicles his time through video games. Well, not just by video games; he ties them into the events that were taking place in his life at that time. The Video Game Experience is an autobiographically look at Stefan s life, family, and friendships, set to games like Teenage Mutant Ninja Turtles for the NES, Resident Evil 2, Left 4 Dead and a variety of others along the way. Life is not all fun and games, but it s surprising how sometimes they can come together, to pave a unique road to travel down. Stefan J.D. is an author, gamer, and artist presently living in the land where the air conditioner is king, Arizona. When not trying to create his own stories, he can often be found burying his face inside of a Batman comic. Unfortunately, comic books have yet to be outfitted with air conditioning units. He eagerly awaits that day.
