Surrogates

By Weiss, Paul

Bloomington, IN: Indiana University Press, 2002. Hardcover. Condition: New. Dust Jacket Condition: New. Indiana University Press 2002 hardback, A NEW BOOK UNUSED. Full refund if not satisfied. 24 hour despatch Synopsis Surrogates introduces an important new philosophic topic: the pervasive ways that things stand for one another in nature and human experience. Going beyond semiotic theory, Paul Weiss interprets surrogacy in terms of metaphysical, epistemological, ethical, and religious dimensions of life, integrating the concept into a systematic way of regarding reality. Just as philosophy brings a systematic set of questions to the issue of surrogate reality, Weiss's investigation of the topic raises new questions for philosophy itself, manifesting his great concern for philosophy's freedom and creativity. The author concludes each chapter with a provocative set of questions and answers that engage imagined critics in a dialogue. Together with his previous book, *Emphatics*, *Surrogates* constitutes a richly textured phenomenology of human experience with important ramifications for contemporary pragmatism. The wit and intelligence of this volume are delightful for any reader.

Reviews

It becomes an awesome publication that I actually have actually read. It really is written in simple terms and not difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Talia Cormier**

The ebook is fantastic and great. I am quite late in start reading this one, but better than never. Your life period will probably be converted as soon as you comprehensively read this ebook.
