Reviews

This pdf will not be straightforward to get started on studying but really exciting to read. It absolutely was written really perfectly and useful. I am just very happy to tell you that this is basically the finest publication I actually have studied during my personal daily life and may be the finest ebook for ever.

GRANTA BOOKS, United Kingdom, 2007. Paperback. Condition: New. Language: English . Brand New Book. William Collins, a Boston realtor, has known for some time that his habits are slipping out of control, but I figured that as long as I acknowledged my behaviour was a problem, it wasn't one. He finally decides to do something about his compulsive cleaning binges, his lacklustre sales figures, and his penchant for nightly anonymous online sex, but he needs a role model for calm stability. Enter Charlotte O Malley and Samuel Thompson, wealthy suburbanites looking for the perfect apartment in the city. Happy couple William writes in his notes. Maybe I can learn something from them. But what William learns challenges his own assumptions about love, real estate and desire. And what they learn from him just might unravel a budding friendship, not to mention a very promising sale. Stephen McCauley's new novel is a cunningly spun chronicle of life in post-traumatic, morally ambiguous America, where the heartfelt desire to do good, is constantly tripped up by the need to feel good.
