Dog Ear Publishing, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. This book describes what you will experience as you die. Giving details of the death process and your journey into the afterlife based on the author s own Near-Death experience where he died, went out-of-body into the afterlife, and returned to a second life in the same body. His experiences are collated with the Tibetan Book of the Dead; the Egyptian Book of the Dead; and current research on the Near Death-experience by the International Association for Near Death Studies (IANDS); Dr. Ian Stevensens s research on Children who Remember Past Lives at the University of Virginia; and studies of After-Death Communication at the University of Arizona. Giving the current science on consciousness survival while explaining quantum mathematics and the afterlife postulated to exist in dark energy located in alternative dimensions. Alan Hugenot graduated from college with an engineering degree after being trained to view the world through the perspective of Newtonian materialist science, But, in 1970, he survived a Near-Death experience which changed his perspective on everything. Since then, he has spent over 40 years collating all the scientific research on consciousness survival and the afterlife, including Near-Death experiences, reincarnation and past life regression therapy, After-Death communications and the supporting theories of quantum mechanics. His education and employment as a mechanical engineer working in electronics and bio-tech and process facilities cause him to walk on both sides of the street. He is a believer in the reality of alternative dimensions of existence but one who wants to know the precise physics behind it all. It is amazing to him that science, medicine, and philosophy, have found no consensus to answer the question of what comes next.
