

Big Sur Tales (Paperback)

By Robert Cross

AUTHORHOUSE, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Big Sur s scenic grandeur and formidable landscapes have inspired countless artists and writers to capture the essence of Big Sur s magic. Early pioneers struggled to carve out their meager farms and ranchos, a few ships plied the treacherous rocky coastline, some losing their precious cargos at night to vicious storms, gold miners worked the ghost town of Manchester, while loggers stripped tanbark, giant redwoods were harvested, and ranchers exported grizzly bears by boats, and more recently thousands of hippies tried out their culture on the fragile environment. Those who survived it all inspired this book of tales.

Reviews

This publication will never be straightforward to get going on looking at but really fun to see. This can be for all those who statte that there had not been a worth looking at. You wont really feel monotony at at any moment of your own time (that's what catalogs are for about should you request me).
