THE HISTORY OF HISTORY REPEATING ITSELF: THE ROLE OF FEAR IN AMERICAN POLITICS (PAPERBACK)

Two Cents of Sense, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. During his campaign, Donald Trump spoke often of his pro-Russia views. His election then posed a difficult question for progressives. Why did Republicans--the party that once stoked two Red Scares after wars involving Russia--elect him? When did they decide the lessons from America s past no longer applied? Spanning 100 years of U.S. political history, this insightful, well-researched synopsis suggests the answer hides in decades of harbored fears. A History of History Repeating Itself challenges the contemporary theory that It s the economy, Stupid, concluding that elections are driven, first and foremost, by ideology. Contents of this book first appeared on the author s website, a blog called Two Cents of Sense.
