Brand New Book ***** Print on Demand *****.Excerpt from Preliminary Report to the Study Committee of the National Board of Trustees This preliminary report roughly parallels the verbal report presented to the Study Committee at Huntsville, Alabama, on November 2, 1963. It has been prepared specifically for members of the National Study Committee to aid them in preparing for the meetings with local and state delegates. It has no other purpose, and is not designed for general distribution. The focus of this report is the mission or program of the NSCCA. Other issues are introduced only as they relate to the question of the Society's mission. It is our general position that a decision regarding the most appropriate and desirable mission for the Society must be made before most other questions can be profitably discussed and resolved. Once the Study Committee plan for series of meetings at local-state, regional and national levels is carried out, it will be possible to identify and explicitly define a mission that is both appropriate to the Society and acceptable to most of its members. A final report, which will be submitted to the Study Committee in August, 1964, after a decision concerning the Society's mission has been reached, will deal with a broader range of issues. Outline of the Report Part I of this report is a brief discussion of some current social trends that bear directly on the choice of a mission for the NSCCA. Part II of the report is concerned with current problems of the Society. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
