Ills of the black world is a fiction that sprang out of a true life story. It simply portrays the dark side of the black world with regards to widows and how they are treated. Tony s mother never thought that life could be so cruel and that the people who were laughing with her when life seemed rosy for her husband actually were not laughing but seeking opportunity to attack her. She had her cup of tears overflowing and her adversaries seemed not to care. It is a heart bleeding story, the very one you d love to read over and again.
