EVERYMAN CHESS, United Kingdom, 2011. Paperback. Condition: New. Language: English . Brand New Book. I look one move ahead.the best!A , Siegbert Tarrasch Chess is a wonderfully rich and complex game, but ultimately the goal can be simply defined as finding the best move, time after time. If you are able to do this, you will win your games. However, the million dollar question is: how can we give ourselves the very best chance of doing so? Per Ostman is convinced that there are three key elements that we require: first and foremost, a structured move-by-move thinking process; second, the desired skills to execute this process; and finally, traditional chess knowledge we can build upon. Ostman examines these three vital building blocks which form the basis of what we need to master. He describes in detail a clear thinking process he has developed over several years as a chess teacher, a process to guide us in our ultimate search to find the best move. *Improve your chess by structured move selection *Numerous examples to illustrate clear thinking processes *Covers calculation, planning and attacking skills *Includes opening, middlegame and endgame play.
