Reviews

*Absolutely essential go through publication. This can be for all who stätte there was not a worthy of looking at. Its been printed in a remarkably basic way and it is just right after i finished reading this book through which in fact altered me, modify the way i think.
(Dr. Haskell Osinski)*

ELEMENTARY LATIN GRAMMAR (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Elementary Latin Grammar The aim of this Grammar is practical. The difficulty in teaching Latin is so to impress the form and the meaning at the same time on the memory, that the one will at once suggest the other, either in translating from Latin into English, or from English into Latin. The contrivances adopted in this book for this purpose are these: First, the words that form the inflection are separated from the stems, and thus special prominence is given to them. Second, the meaning that these inflectional words have in the sentence is brought out as clearly as possible; so that as the pupil is advancing, he is learning more and more of the structure of sentences, and the peculiar nature of the Latin language as compared with that of English. Thirdly, an attempt is made to make use of a kind of repetition which will not be wearisome. In employing comparative philology in this book, I have always kept in view the practical nature of the work, and therefore have given only so much as I have deemed suitable. In most cases I have stated doubts where doubts exist; but in a few I have said nothing of the matter. Thus I have marked the stems of the verbs in a, e, and i of the fourth conjugation long; I have made the e of eba part of the word denoting the imperfect; I have assumed the I in the present of the third conjugation as a euphonic vowel, - though all these points have been doubted. I have found some difficulty in the use of grammatical terms. About the Publisher Forgotten Books publishes hundreds of...
