

Mapping Your Family Relationships: Understanding Your Family Dynamics (Paperback)

By Stephanie Jean Clement

Llewellyn Publications, U.S., United States, 2004. Paperback. Condition: New. Language: English . Brand New Book. Family dynamics have always been complicated. Making sense of these relationships depends on understanding each member's personal motivations and feelings. Astrology can help! Mapping Your Family Relationships is a valuable astrological tool for analyzing your family unit objectively. No previous astrological knowledge is needed. A birth date and time is all that's required to access an astrological understanding of any family member—parents, siblings, children, grandparents, aunts, uncles, and cousins. This book and program makes it easy to explore family relations from the reader's perspective, as well as from the viewpoints of other family members. The CD-ROM included with this book runs on Windows 95/98/ME/2000/XP and was developed by Cosmic Patterns, a leading developer of astrological software.
