From Liberia to Sierra Leone to Guinea, Nigeria, Spain And the United States, the story of the 2014 Ebola Virus Outbreak that started in West Africa is not just about sorrow, suffering and death. There is some light at the end of the tunnel and it is getting brighter by the day. Although many are still dying from this disease that still has no cure, an increasing number of people have survived against all odds and are alive to tell their stories. In this collection of survivor stories, you will feel their pain and their anguish, but more importantly, you will experience the joy of surviving after battling with death through the darkness of the Ebola scourge. The stories of these survivors show us the indefatigability of the human spirit. The human race has survived many scourges and plagues over thousands of years and we will still continue to survive. Individually and collectively, Ebola survivors stories stand out as beacons of hope for their communities, countries and other nations that may still have to deal with this medical emergency as long as the present outbreak persists. But there they were, the survivors. Albeit weak and squinting because of the bright sunlight but they are healthy and coming out of isolation wards in increasing numbers. We were seeing a greater number than the lucky few we expected at the beginning. Severe pain was shooting throughout my body. I was completely overwhelmed. Ebola is like an alien disease from another planet. The pain was so much that I could feel it deep inside my bones. Towards the end, the doctors asked...
