Start a living by starting your very own security company. Be your own boss! This book contains proven steps and strategies on how to approach the difficult decision to change careers and start your own security company. Whenever you make a decision to start your own business, it is always done with a little trepidation. You are unsure what is required, what you have to do, and whether it will result in a positive outcome. You have a passion to protect and serve. You may have had a career as law enforcement professional, or a military member, and you know you want to continue your service to your community by starting a private security firm. Maybe you are just starting your career as a working adult, and security is something that drives you, gives you a purpose in life. The time is now for you to explore starting your own security company. You do not know how to go about accomplishing your goals. As a police officer, you worked for the municipality, and they handled all of your administrative duties, and behind the scene responsibilities. As a young person, you have little to no experience in running a business or how to effectively manage an operation. This book presents a detailed discussion of all the issues and challenges you will face as you consider starting your own security company. There are requirements you must complete, courses you must take, and practical steps you must go through in order to organize and set up a successful security company. By reading this book you will: 1.Learn where to begin on starting your own company 2.Where to hire your employees 3.What licenses...
