Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Ulysses wants to use vehicles to go fast like the humans do. But Ulysses is a bear. Needless to say the vehicles aren't designed for his physique and he makes a mess. Read the story of a curious bear out for a joy ride, in search of the right vehicle for him. Each pair of pages features the story of Ulysses' odyssey, a relevant factoid footnote by C Jared Castor, and a full-sized image to be colorized with pencils. The moral (to find the right fit for you, rather than what you perceive is proper) and the plot (mechanical experimentation) are worth sharing with readers of any age. This book is 34 pages long and designed for a wide range of skill levels. Emphasis on vocabulary building and the integration of fact and fiction render Ursa Major an enticing educational tool.
