Absolutely essential study book. It normally fails to price excessive. I realized this ebook from my dad and i encouraged this publication to find out.

EMPTY SPACE: A HAUNTING (PAPERBACK)

Orion Publishing Co, United Kingdom, 2014. Paperback. Condition: New. Language: English . Brand New Book. EMPTY SPACE is a space adventure. We begin with the following dream: An alien research tool the size of a brown dwarf star hangs in the middle of nowhere, as a result of an attempt to place it equidistant from everything else in every possible universe. Somewhere in the fractal labyrinth beneath its surface, a woman lies on an allotropic carbon deck, a white paste of nanomachines oozing from the corner of her mouth. She is neither conscious nor unconscious, dead nor alive. There is something wrong with her cheekbones. At first you think she is changing from one thing into another - perhaps it's a cat, perhaps it's something that only looks like one - then you see that she is actually trying to be both things at once. She is waiting for you, she has been waiting for you for perhaps 10,000 years. She comes from the past, she comes from the future. She is about to speak. EMPTY SPACE is a sequel to LIGHT and NOVA SWING, three strands presented in alternating chapters which will work their way separately back to this image of frozen transformation.
