These kinds of book is every thing and helped me hunting forward plus more. It is probably the most remarkable book we have read through. It is extremely difficult to leave it before concluding, once you begin to read the book.

On leaving the plane I can only say I felt very lonely, except that the sky was full of bullets coming upwards. Fortunately, it wasn't long before my feet hit the ground with a thud. Almost as soon as my feet touched the ground, I was to find that I had landed directly in front of the muzzle of a German Machine Gun and I received a burst of fire straight at me. I can remember being hit and spinning round with a sudden yell of shock and finishing up flat on my back. I lay there rather dazed for a while, expecting to be hit again at any moment. John Hunter, Parachute Regiment, Northants. Seventy years ago, on 6 June 1944, a great Allied Armada landed on the coast of Normandy. The invasion force launched on D-Day was a size never seen before and never likely to be seen again. 150,000 soldiers, more than 6,000 ships and 11,000 combat aircraft took part in the assault. The success of that attack led 11 months later to the final liberation of Europe from a ruthless dictatorship that had threatened to permanently enslave it. Such an undertaking on such a scale could not have been achieved without tremendous cooperation between Land, Sea and Air Forces. In *We Remember D-Day* we hear from the men and women who were involved in the assault; those who risked their lives for a better future. Their stories tell of human bravery and endeavour, pain and heartache, and, most importantly, freedom and hope.
