Reviews

This ebook is fantastic. It is actually written in straightforward terms rather than hard to understand. It has been designed in an extremely straightforward way and it is merely soon after I finished reading through this ebook through which in fact modified me, altered the way I really believe.

Createspace Independent Publishing Platform, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Discover the Hidden Secrets of Taking Amazing Photos of Landscape and Portraits with your DSLR Camera I wrote this book for the sole purpose of helping people in any way I can in taking great DSLR photos, especially those who have recently purchased their very own DSLRs and don t know where to begin their search for good photography strategies, or even for those that have begun but are left confused. This is not a technical book in any way, shape or form, but rather a compilation of tips, tricks and techniques on how one can achieve a variety of photos. With the help of this book, I hope more and more people will be able to get high quality photos they may never have thought they could achieve. Here are the strategies we will cover in this book: Strategy #1: Photographing Landscapes with More In-Focus Strategy #2: Using Flash Outdoors Strategy #3: Darkening or Brightening Exposures in Photos Strategy #4: Blurring Backgrounds on Portraits Strategy #5: Taking Perfect Sunrise and Sunset Photos Strategy #6: Photographing Blurred Action Shots for Speed Strategy #7: Taking Dreamy Water Photos Strategy #8: Night Photography This book will take you on a step-by-step guide on how to take photos during sunrise, sunset, broad daylight, and at night time. There are also methods as to how a person can control the level of exposure while taking photos, as well as how to take action photos that look as if the subject matter is in fast motion. Use all of these for well-rounded great photos, or use those that you think you need. Most importantly, build on these through your own experiences and enjoy! Buy It Now.
