

There s More to New Jersey Than The Sopranos (Paperback)

By Marc Mappen

Rutgers University Press, United States, 2009. Paperback. Condition: New. New. Language: English . Brand New Book. An American tourist in Europe stopped at a restaurant in Gdansk, Poland, and struck up a conversation with a local. Where do you come from? he asked. New Jersey , she said. He smiled and replied, Ah, Sopranos . Even fans of that popular show, one that held viewers captive, may be a bit disheartened to discover that the first thing that pops into minds around the world about New Jersey is a dysfunctional crime family, just an exit or two off the infamous N.J. Turnpike. But there s no need to live in fear that the only culture and history that the state is known for is, well, let s say, a bit of bada bing. Actually, the echo of the Big Bang - the cosmic event that marked the birth of our universe some 13.7 billion years ago - was first identified by scientists from Bell Labs in Murray Hill, New Jersey. In this lively romp through history from the primitive past to the present day, Marc Mappen s message resonates - There s More to New Jersey than the Sopranos
