From a farm in The Netherlands to poverty-stricken Sierra Leone, from the brief peace after the Great War to the horrors of World War II, from Europe to America, this extraordinary book of anecdotal essays ranges through the life of a man who has lived broadly and deeply. Author Frans Koning shares his observations and impressions on topics ranging from what it was like to be a teenager in a Nazi-occupied country, to his experiences in Africa with the Peace Corps, and his move to the United States. With a perspective gained from three continents, he can see how human experience is both diverse and similar, and how patterns in human behavior emerge, from the Waffen SS to ISIS. Immediately engaging, loosely structured, and retaining a piquant flavor of his native land in a Dutchman's English, *A Slice of History* is a uniquely personal yet immediately accessible memoir of life during the most turbulent decades...
