Createspace Independent Publishing Platform, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Flawed Reality: a situation that is imperfect, altering ones perception of what is actually happening My reality was flawed from the beginning. I saw things one way, the way I wanted to see them, but they were never as I envisioned. I was blinded by so much that fantasy and reality started to blur together. Sometimes I feel like I ve wasted an entire part of my life waiting on Becca. Other times I feel like it was all worth it. That, in the end, the way things worked out was the universe s way of allowing me to find the path which would lead me to where I would end up, to who I would end up with. Who would have guessed my life would come full circle? I sure as hell wouldnt have. Even when I look back now, I still have no idea how I got so damn lucky. I was such an ass back in the day. I was selfish. I didnt care if I hurt other people as long as I got what I wanted. Then, when I didnt get what I wanted, I got angry. I suppressed my anger, got drunk and liked to fight. Like I said, I was an ass. A Grade-A jerk. I deserved to be alone. I deserved to be miserable. I caused misery. Not because I wanted others to be miserable like I was but because it was all I knew. I was desperate for what I couldnt have, for who I couldnt be with.
