Wounded Birds is a light-hearted fantasy novella about five mature women whose lives intersect where they share a home in 1980 s Phoenix, Arizona. According to Grace, Life is what it is - survival, and her over-responsibility for helping injured animals and wounded birds survive has allowed her life to fall into one big rut. But then, a trail of ants in the kitchen leads the women who live together at Carmella Manor to a mystery and Grace goes missing! If fragile, spacey Laurie can overcome her fears of a failing mind, she just might find Grace in time to save her and the animals. Together the women uncover decades-old lies, discover new bonds, unlock the secret of happiness and learn how truly strong they are.
