Createspace, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Ziggy Stardust made his exit, but who is Sziggy? With Sziggy we are reminded of Ziggy Stardust, alias the artist David Bowie. Then there is Siggy, or Sigurd Fafnesbane, a figure in the hero sagas of the Norse. Sigurd is a Dragon hunter, a descendant of the shaman warrior and magician, Odin. Shamans and shamankas, in the World Tree, journey the Other-worldly dimensions between the Heavens and the Earths , exploring at least 8 or 9 alternative states of consciousness! Like most Sun- and soular heroes (and heroines) in ancient folklore, the story describes a multi-dimensional journey of soul and spiritual Self, restoring wholeness, affecting transformation. A young Swedish girl moves to London and works her way through a labyrinth of multiculturalism, intuitions, visions and dreams. With the Akashic Records, she studies World Mythology and the ancestral blueprints that just may describe some long forgotten events happening on Earth. On the most northern runestone found on Earth, a carving of a Dragon-like beast is seen. Travelling from Station to Station in the London Underground, the girl had to unravel one more Mystery: why there was a Bowie look-alike figure appearing in her dreamstate. This started in the 1970 s. There is also a rock group, Heyoka-contrary in style, included in this intriguing and very true story!.
