Most people in your organization have gotten their isms under control. But here you are again, recycling yet another round of costly diversity programs -- and still unable to overcome the problems and reap the benefits of your diverse workforce. Roosevelt Thomas, Jr., a leading diversity expert who has continually raised the bar on how we think and act on a complex array of diversity issues. This original, thoughtful, yet action-oriented book will help leaders in any setting -- business, religious, educational, governmental, community groups, and more -- break out of the status quo and reinvigorate the can-do spirit of making things better. The book includes a deeply felt analysis of the sometimes tangled intersections between diversity management and the Civil Rights Movement and affirmative action agendas . . . a personal narrative that charts Thomass own evolution in diversity thinking . . . and a roadmap for mastering the powerful craft of Strategic Diversity Management, a structured...
