Reviews

Thorough guideline! Its this kind of excellent read. This is certainly for all those who statte there was not a well worth reading. Your way of life period will probably be transform once you complete reading this book.
(Mrs. Alia Borer)

CREEKSIDE: AN ARCHAEOLOGICAL NOVEL

The University of Alabama Press, United States, 2010. Paperback. Book Condition: New. 234 x 155 mm. Language: English . Brand New Book. In Creekside, dedicated archaeologist Meg Harrington guides her students in a race against time to protect the legacy of the past before bulldozers rip it to shreds. The setting is a Kentucky pasture slated for development the construction of the new Creekside subdivision. Once, that same beautiful stretch of land was home to three generations who experienced love, loss, and tragedy in their log cabin beside the creek. It was here during the late 18th century that Estelle Mullins struggled to build her home on the dangerous frontier. In Meg s 21st-century world of archaeology we read about excavation techniques, daily experiences at a dig, tight construction deadlines, the use of heavy equipment, report writing, artifact analysis, damage from looters and collectors, and the reality of site destruction in the path of modern development. The depiction of Estelle s frontier life includes Kentucky s early Euro-American settlement of the Cumberland Gap, encounters with Shawnee defending their land, Protestant fragmentation, the rise of religious fundamentalism, the immigrant stampede down the Ohio River, and the persistent issue of class-based land ownership. The two partially interwoven story lines link artifact and place, ancestors and descendants, the present and the past, and inspire us to explore the personal connections between them all in fresh and vital ways.
