Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from First French Composition The story of First French Composition can be told in a few words. We could not find for the teaching of elementary French composition a book that contained enough very simple material. So we made one. One reason, we think, that formal written-work has not been taught earlier, for a longer period, and better in our high schools, is that teachers have realized the book for their purpose did not exist. These words should not be construed to mean that there are not several excellent composition manuals in the field we say merely that in our opinion they do not offer a goodly amount of extremely simple, natural, and concrete material. We shall not be content unless First French Composition is found to be a most practical book for use during the second year of French in secondary schools, even in those which have only a two years course. It is not graded in the sense that it begins with easy words and phrases and ends with long puzzle-sentences which illustrate every conceivable manner of syntactic difficulty. First French Composition is easy at the beginning, in the middle, and at the end. It aims to give the student constant opportunity to write, and write, and write the sort of simple idiomatic French sentence that he must know before he can work out long problems in philosophical diction. It is practice that makes perfect, and to practise a thing means; to do it over and over again and then yet again.
