## Learning Together Through Inquiry

By Short, Kathy G.

Stenhouse Publishers, 1996. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: For teachers who have been exploring process approaches and thematic units in language arts and other areas, the logical next step is inquiry. Based on the authoring cycle, the inquiry cycle provides one possible curricular framework for supporting inquiry within classroom contexts. Through inquiry learners engage in a process of searching for questions that are significant in their lives and finding multiple ways to examine and research those questions. Learning Together Through Inquiry is the story of how six teachers collaborated with each other and with their students to explore and negotiate curriculum as inquiry in their classrooms. Through this experience they were able to examine their beliefs about inquiry and the teaching of content in elementary classrooms and, most important, they saw the students becoming engaged in learning. They had moved from textbook-based curriculum to thematic units where students are involved in a range of activities and literature focused around a common topic or issue to their current interest in inquiry approaches. All six authors used the broad concept of "discovery" to begin the year and connect the inquiry studies across the year to one...
