Brand New Book ***** Print on Demand *****.Essay from the year 2017 in the subject Politics - International Politics - Region: Near East, Near Orient, grade: 69/100, School of Oriental and African Studies, University of London, course: Political Society of the Middle East, language: English, abstract: In mid-March 2011, protests against arbitrary leadership and for democratic institutions took place in Syria's major cities. The Syrian regime has responded brutally and the dynamics have since been developing into an ongoing armed conflict. Soon counting its sixth year, the Syrian conflict has been described as sectarian in character. Other scholars have criticized the usage of this term and the concept behind it in this particular context. Overall, this paper will argue that the concept of sectarianism does help to explain the current conflict in Syria, while listing and explaining the areas in which the concept helps, as well as stressing the dangers implied when using the term and which analyses have to accompany the usage of the concept, i.e. how the concept does not help to explain the conflict. For this purpose, a historical perspective will be avoided in order...
