Forgotten Books, United States, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Torrens System: A Manual of the Uniform Land Registration Act in Virginia Some years ago I heard Mr. Massie, from his seat in the House of Delegates, deliver in advocacy of his bill embodying the principles of the Torrens system, the most powerful and eloquent argument I have ever listened to on the floor of either House. The time was not then ripe, but his labors then and since have now borne their fruit. With such equipment it has been a labor of love to prepare this guide book to the proper understanding and administration of the law which he did so much to put on the statute books. The book not only contains an annotated copy of the act itself, but answers with vigor and ability the criticisms based upon grounds of legality and expediency to which the act has been subjected. I think Mr. Massie has made a valuable and permanent contribution to the literature of the Law. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
