ATLAS OF THE POETIC CONTINENT: PATHWAYS IN ECOLOGICAL CITIZENSHIP (1ST NEW TITLE)

Temple Lodge Publishing. Paperback. Book Condition: new. BRAND NEW, Atlas of the Poetic Continent: Pathways in Ecological Citizenship (1st New title), Shelley Sacks, Wolfgang Zumdick, 'The places of the poetic continent are not physical places. They map the internal regions and contours of the inner human being that lives in a cosmos of other beings and life forms. They constellate the places of the soul.' This collection of poetic, philosophical and literary texts and full-colour images offers an ATLAS of the Poetic Continent - a treasure to study, contemplate and inspire action in the world. This ATLAS grew out of a social sculpture process in a city that invited its citizens - individually and collectively - to enter into a process of active reflection on the question 'what am I doing in the world?' This project confirmed that the connection between inner and outer work, and the inner workspace, is central to all social sculpture processes. The maps for this poetic continent open up pathways that enable us to 'come to our senses'. Discovered only in our engagement with the world, and inspired by the constellations of the soul, they offer distilled understandings on the path to a new society: a viable future of free, humane and ecological citizens.
