Extreme cases even more so. In Volume 2 of Jack Smith's series Serial Killers, we explore some new cases of true crime stories of little known serial killers. Serial killers are big business. From the endless books, films, and television programs to the fascination of the twenty-four hour news networks, there is something about these mass murderers that catches the eye and catches the attention. While many people are familiar with the better known killers like John Wayne Gacy or Jack the Ripper, this is not the end of the story. With so many serial killers on the record books of human history, it is a wonder that we have caught as many as we have. Even in the cases where no one has ever been arrested for the crimes, we can learn a lot about the mind sets of...
