AUTHORHOUSE, United States, 2011. Paperback. Book Condition: New. 229 x 152 mm. Language: English Brand New Book ***** Print on Demand *****.Through out the past quarter century, there has been an increased focus on corrections both as a means of social control (i.e. reducing crime) and generating income (i.e. profiteering from punishment); and with this in mind From Bars to Windows, attempts to examine how and explain why we can change the orientation of national correctional policy to more equitably spread the wealth generated by our nations prison system. Some of the highlights of the book include: u defines and explains, Gatsian economic theory u explains how prisons and profiteering are inextricably linked...
