Authors Anne Spalding and Linda Kelly published a version of this book just for kids, but they ve done extensive research and discovered adults like to have fun, too--and stand to benefit just as much as kids in using exercise balls. So the authors expanded this new book to include exercises and information for instructors and participants of all ages and included activities that can be used not only in school gymnasiums and classrooms but in exercise facilities, workplaces, and homes as well. Not only will you be equipped to do or teach the over 110 exercises included in the book, but you ll also receive valuable advice on managing your equipment and classes to help you--and your participants--get the most out of your program.
