

Physics: v. 2 (Hardback)

Filesize: 7.24 MB

Reviews

The book is fantastic and great. It generally does not expense excessive. Its been designed in an exceptionally easy way and it is simply right after i finished reading through this book by which really changed me, change the way i think.
(Adolfo Lindgren)

PHYSICS: V. 2 (HARDBACK)

John Wiley and Sons Ltd, United States, 2001. Hardback. Book Condition: New. 5th International student edition. 279 x 216 mm. Language: English . Brand New Book. The 5th edition of Physics has been edited to clarify conceptual development in light of recent findings from physics education research, and the mechanics sequence has been re-organized to that energy is a capstone topic. The presentation of thermodynamics and quantum mechanics has been updated to provide a more modern approach, and the end-of-chapter problem sets have been thoroughly overhauled: new problems added; out-dated reference deleted; and new short-answer conceptual questions added. The supplements package has been expanded to include more materials for student and instructor.
