CASCADE BOOKS, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Gundamentalism and Where It Is Taking America is the work of James Atwood, a retired Presbyterian pastor and an avid deer hunter for half a century who has also been in the forefront of the faith community's fight for two constitutional rights: the right to keep and bear arms and the right to live in domestic tranquility, free of gun violence. He explains why guns mystically control so many Americans and exposes the fallacies of the gun industry's spurious claim that firearms actually protect us. He argues there are no bona fide scientific studies that show defensive guns save us from harm, while there is voluminous research showing a defensive gun puts the owner and his or her family at greater risk. Atwood's book, which details his learning of a lifetime in the struggle for reasonable gun laws in America, puts dependable social and theological analysis of our unique national epidemic into your hands along with scientific data that will provoke honest reflection and discussion for the building of a safer and saner America. Questions for group discussion and suggestions for action are included. Looking through the lens of faith, Atwood shines a klieg light on the shadows and myths surrounding the meanings of guns in our society. Have your highlighter at the ready! Atwood provides shocking data and provocative detail that is scrupulously documented. --Katie Day, Charles A. Schieren Professor of Church and Society, Lutheran Theological Seminary at Philadelphia Jim Atwood continues to challenge our nation's obsession with guns and violence. His critiques offer an opportunity for all of us to reclaim God as an agent of love rather than fear, power, and domination. This book is a must-read...
